

## **User Experience Researcher**

Bandyer is a fast-growing reality, innovative and smart. We develop a video communication solution based on WebRTC to be integrated within any corporate environment and device! We are always looking for new talents to join our team and share our success; if you are ready for a new challenge and to give 100% for a great reality, here is what we are looking for.

### **We offer:**

- Growing, young, dynamic team
- Personal and professional growth
- Flexibility and autonomy
- Passion
- Permanent contract

### **We look for:**

Bandyer is now looking for a resource responsible for conceptualizing logical process of Bandyer user experience and usability. The person will also evaluate and improve the usability and success of all of our touchpoints, leading the UI designer.

### **Requirements:**

- 2-3 years of previous experience
- Experience in analysis, design processes, user flows, prototyping
- Great analytical, logical and statistical skills
- Proficient understanding of the methodology and processes of UX testing
- Proactive approach and ability to work autonomously

### **Nice to have:**

- experience of using prototyping software tools
- Business intelligence
- Customer oriented
